About Institute

We wish to make a special mention of the fact that when this college was established, a considerable number of students of this college were from extremely poor families located in drought-prone areas of this district. In fact, several constraints were preventing them from the very idea of going for higher education. Nearly 30% of the students admitted to 1st year and had joined “Earn and Learn Scheme” for fulfilling their thirst and earning for higher education. Some of them are Counselors, Programmer, Extension officer, Supervisor etc. Some of them have become extremely successful entrepreneurs. This institute was established in 1997 under the leadership of the great visionary, Padmabhushan Balasaheb Vikhe Patil. This step proved to be a golden opportunity for girls, who were kept in the darkness of ignorance for ages. The situation, of course, did not change instantly, even after the establishment of this college. Due to the teamwork of faculty for motivating the parents through interactive programmes like “Teacher Guardian Scheme”, special coaching, personal attention given in this college created faith, confidence, a sense of belonging and attachment among the students and parents.

Students, especially from poor families, preferred to be part of this college and were proud of being its alumni. Various activities and programmes organized by the college for educational and academic excellence of our students changed the educational environment to a higher degree of congeniality. The outlook of rural society is also modified considerably. The acceptance of new technology by many of the youth has also led to self-employment in entrepreneurship and service sectors. We hope that the progressive Endeavour's and activities of our college will help to increase women's status in society.

Life in a Women's College of Home Science and BCA, Loni Campus

The atmosphere in Women's College of Home Science and BCA, Loni is very much congenial with clean, beautiful, green campus enriched with well-equipped infrastructural facilities suitable for all types of curricular, co-curricular and extracurricular activities. Life in the college starts at dawn, when some hostel students and faculties are seen doing exercises and playing games. The teaching programme starts at 9.30 am and continues till 5.00 pm. The faculty in dress-code, reaches the college in time and after recording attendance on biometric instrument, is engaged in the routine work as per the schedule. In the evening, students take part in sports and other recreation programmes. The students from “Earn and Learn Scheme” do the light work assigned to them by the coordinator at their free time. The volunteers of NSS attend a 07 day special camp every year in which various socially relevant extension programmes such as tree plantation, nature conservation, health awareness, sanitation, women empowerment etc. are organized.

Faculty-wise educational tours, which form a part of curriculum are arranged every year. In the month of December, Bahisshal Vyakhyanmala Lecture series related to social, economic, political, historical, women and child issues is organized every year for all students. The workshops on different issues are organized in collaboration with Dept of Lifelong Learning and Extension, SPPU, Pune. In January, the annual college gathering and prize distribution ceremony is organized for the students to present their talents in a variety of cultural programme. Different events, workshops and activities are organized by Student Development Department, SPPU, Pune. Besides teaching work faculty is also engaged in research activities like publishing papers, attending seminars, conferences and completing the research projects work. The college also organizes seminars, conferences for enriching knowledge of the faculty and students.

Welcome to Pravara Rural Education Society's Women's College of Home Science and BCA an Institute that rest on strong academic foundation behind with modern approach that seeks to mould young women into successful rolemodels.

Women's College of Home science and BCA established in 1997 and enjoys the privilege of being one of the college affiliated to SNTD Women's University (1997-2016) and only a Home Science College affiliated to Savitribai Phule Pune University (since 2016).

College offers full-fledged degree in B.Sc. (Home Science) with specialization of FSN and Textile Science and Care and Bachelor of Computer Applications. College also offers some unique skill development courses viz. Fashion Designing and Beauty Parlor to make our students more competent. The college was accredited with 'A' grade by NAAC in 2014 CGPA 3.08. Post Graduate Course in Health Science (Dietetics) is started from 2019.

I acknowledge the great support, guidance and cooperation rendered by the management, all the parents and alumni in advancement of the institution which I earnestly look forward in the years to come too. We invite you to tour our website for an interesting and educative journey.

I look forward to welcome you and here's wishing you unforgettably enriching experience with us.

Dr. Shashikant R. Kuchekar
M.Sc. Ph.D.

Vision:

“Empower women by providing equal opportunities in socio economic, cultural and global employment market through quality education”

Mission Statement:

**“ tmasaaomaajyaaoitga – maya”
“Lead me from darkness of ignorance to light of knowledge”**

Mission:

- To strengthen the women physically, psychologically, socially, economically responsible individual through appropriate education.
- To acquire skills in student having potential to be used as a means of self-employment.
- To integrate learning across diverse domains and form linkages with other academic subjects of human ecology and communication technologies.

Women’s College of Home Science and BCA is established in 1996-97 to cater the needs of girl students in rural area. Amazed by the development in Loni, Dr. A. P. J. Abdul Kalam bestows “LONI-PURA” (Providing Urban amenities to Rural Area) as a role model for rural development. This appreciation itself is a testimonial for the vision and mission of the college.

The institutional distinctive characteristics in terms of need of the society are as follows:

- To achieve academic excellence in education for women in rural area.
- To provide educational avenues to needy and economically weaker women.
- To inculcate value based education to empower the young ladies for development of the nation.
- To achieve socio- economic and cultured transformation through education.

Perspective Plan, 2014-19

The Perspective Plan, 2014-2019 of the Women’s College of Home Science and BCA, Loni is prepared by Internal Quality Assurance Cell of the college. The IQAC has decided to approve a participatory approach to gather suggestions, ideas from the various stakeholders. The interaction process included the meetings with all the Members of the IQAC including HoD’s. The IQAC has collected feedback from various members of Faculty and departmental committees, HoD’S. Recommendations from all these initiatives have been incorporated in the perspective plan. While preparing the present perspective plan, the IQAC has considered following:

- 1) I cycle NAAC Peer Team recommendations
- 2) Vision and Mission Statement of College.
- 3) Quality Policy of the College
- 4) Inputs from the stakeholders
- 5) Societal expectations from the college
- 6) SWOT Analysis done by IQAC in 2013-14
- 7) Core Values:
 - Contributing to National Development
 - Fostering Global Competencies among Students
 - Inculcating a Value System among Students

- Promoting the Use of Technology
- Quest for Excellence

This has helped us to prepare our future priorities and perspective future plan

Curricular Aspects:

- To introduce post graduate degree programs and research programs
- To promote the faculty members to participate in curriculum design and review at university level
- To conduct academic and other quality related audits
- To establish the well-structured feedback mechanism on curriculum
- To introduce skill development courses and value added courses
- To conduct Institutional Internal Board of Studies (IIBOS) meetings for curriculum design

Teaching Learning and Evaluation:

- To promote the faculties to use ICT teaching learning pedagogy
- To conduct different courses for the slow learners as well as for the advanced learners
- To initiate student centric teaching methods

Research Consultancy and Extension:

- To organize the National/State level seminars, and workshops on various interdisciplinary topics
- To organize workshops for Administrative staff for their improvement
- To submit proposals to various funding agencies like UGC, RUSA, BCUD
- To increase active participation of faculty in conferences and seminars
- To enhance the quality of MoU's / Collaborations/Linkages with different industries, institutes for research, field projects, student trainings
- To increase participation of students in research through, field projects presenting research papers in seminars, conferences, workshop etc
- To conduct outreach program with the help of NSS

Infrastructure and Learning resources:

- To provide Wi-Fi facility to the students and the staff
- To update e-learning resources like INFLIBNET, e-journals, e-books for students and teachers

Student Support and Progression:

- To conduct soft skill development programs for students
- Organize study tours, industrial visits, field visits
- Organize sports competitions
- To introduce the student centric learning methods
- To Strengthen the career counseling and competitive examination guidance center

Governance Leadership and Management:

- To motivate staff to attend the faculty development programs
- Annual performance appraisal system to be formalized for teaching and non-teaching staff
- To conduct the external and internal audits regularly and periodically

- Continuous efforts will be taken to obtain grants from different funding agencies like UGC, BUCD, RUSA etc

Innovations and Best Practices:

1) Environment Consciousness:

- To install grid solar power generation system
- Drip irrigated system for garden
- College ensures clean and hygienic campus
- Energy conservation by reducing electricity consumption through installation of LED lights, solar panels, solar water heaters etc
- The College will take initiative in conducting regular green audit
- College will take initiatives for water recycling

2) Best Practices:

- Earn and learn scheme
- Computer literacy for Home Science entry level students
- Green initiatives/ eco-friendly and green campus
- Organization of seminar/conferences/workshop/symposium
- Capacity building leading to women empowerment
- Community Outreach Programs

Deployment Document

Curricular Aspects:

- Introduced post-graduation M.Sc. Health Science(Dietetics) in 2019-20
- Actively participated the faculty in curriculum designing at university level
- Conducted academic and administrative audit regularly
- Established well-structured feedback mechanism on curriculum
- Introduced skill development, value added courses and certificate courses. (Annexure-I)
- Conducted IIBOS meetings for curriculum designing

Teaching Learning and Evaluation:

- Promoted faculties to use ICT based teaching learning pedagogy
- Conducted different courses for the slow learners and advance learners
- Initiated student centric teaching methods like role play, group discussion and community bases learning

Research Consultancy and Extension:

- Organized national, state level seminars and workshops on various interdisciplinary topics
- Participation of students in research/paper publication/presentation /or Avishkar

Infrastructure and Learning resources:

- Provided Wi-Fi facility and 50 mbps internet speed
- Updated e-learning resources like inflibinet

Student Support and Progression:

- Conducted soft skill development programmes for the students
- Organized industrial visits and field visits (Annexure)
- Organized sport events and competitions
- Organized cultural events zonal youth festival of SNDT Women's University, Mumbai.

Governance Leadership and Management:

- Motivated staff to attend the faculty development programs.
- Conducted internal and external audits regularly
- Received grants from different funding agencies like UGC, BCU, SPPU, Pune and MSCW, Mumbai(Annexure)

Innovations and Best Practices:

- Installed grid solar power generation system
- Drip irrigated system for garden
- Installed LED lights
- Conducted green audit
- Developed water recycling and rain water harvesting plant

Annexure-I

Certificate Courses:

Year	Name of Course	Sub Code	No. of Stud.	Total
2017-18	Processing of Fruits and Vegetables	CC02	15	35
	Entrepreneurship Development Through FSN	CC03	10	
	Food Adulteration	CC04	10	
2016-17	Processing of Fruits and Vegetables	CC02	15	21
	Entrepreneurship Development Through FSN	CC03	06	
2015-16	Food Product Development	CC01	10	21
	Processing of Fruits and Vegetables	CC02	11	
2014-15	Food Product Development	CC01	10	10

Value Added courses:

Year	Name of Course	Sub Code	No. Stud	Total
2018-19	Computer Literacy for Home Science Students	CA01	20	161
	VB .NET	CA02	20	
	Value Addition of Traditional Recipes	HS01	10	
	Premarital Counseling	HS02	25	
	Personality Development	HS03	30	
	Intellectual Property Rights	CA03	36
